

Visita Internacional aos laboratórios da Fatec Sorocaba

Recebemos no dia 18 de Abril a visita do Sr. Necdet Akdas da empresa Akdas Casting Ind. Trade Co. – Turquia, ao nosso Campus e Laboratórios. Acompanhado de mais dois visitantes e do Prof Anderson Marianno, foram recepcionados pelo diretor Prof. Dr. Luiz Rosa e pelos coordenadores Antonio Garcia e Luciana Sgarbi.

Abaixo um email de agradecimento que recebemos do Sr. Necdet e um breve currículo do mesmo e uma apresentação de sua empresa.

Caro Sr. Rosa,

Ontem tive a oportunidade de visitar suas instalações, incluindo aulas, escritórios e laboratórios, juntamente com Anderson Marianno.

Antes de mais nada gostaria de agradecer pessoalmente e ao vosso pessoal pela sua hospitalidade por mostrarem tudo de forma muito aberta e por darem explicações sobre o que é realizado em todos os laboratórios. Em segundo lugar, eu gostaria de parabenizá-lo com o sistema de reunir as muito agradáveis e únicas instalações.

Finalmente, gostaria de agradecer ao meu amigo Anderson por me levar às suas instalações e dar-me a oportunidade de visitar um lugar tão agradável com muitas capacidades.

Desejo a você e seus alunos grande sucesso e tudo de melhor.

Cumprimentos,

Necdet AKDAS

Engenharia Metalúrgica. (MSc.)

Visita Internacional aos laboratórios da Fatec Sorocaba

Dear Mr Rosa,

Yesterday I had the chance to visit your premises including classes, offices and laboratories together with Anderson Marianno.

First of all I would like to thank you personally and your people for their hospitality for showing everything very openly and giving explanations about what is going on in every laboratory. Secondly I would like to congratulate you with the system to put in together with the very nice and unique facilities.

Finally I would like to thank my friend Anderson for taking me to your facility and giving me the chance to visit such a nice place with lots of capabilities.

I wish you and your students big success and all the best.

Best Regards,

Necdet AKDAS

Metallurgical Eng. (MSc.)

Akdas Casting Ind. Trade Co.

Carries out its production in two foundries, two machining factories and a welding shop in Sincan Organized Industrial Zone of Ankara.

The total land area of the facilities is 110.000 m² with a closed area of 55.000m² Together with 80 tones capacity, the total liquid metal capacity is 240 tones with the capability of various alloys. Its production range run the gamut from carbon, manganese, and alloy steels to grey and nodular iron.

Machining shop with vertical lathe 18.000mm of diameter
